

COVID-19 Statement

Dear beloved Beer Dudes customers,

Above all, we hope that all of your families and loved ones are well in these strenuous times.

We are continuing to operate as normal and can on schedule. Our staff has been briefed on the recommended protocol for virus precautions. As long as we remain healthy we are continuing to work. We operate in groups lower than 10 and our sanitizing materials (PAA) are rated and approved to kill COVID-19.

We understand the impact that this situation will have on our communities and industry. We hope that through cooperation and effort we can find common solutions to preserve products and protect our community. Please contact us if we can be of service during this time.

Cheers,

Beer Dudes Mobile Canning
